Termination and Wind up of the Yarra Investment Fund

Dear Investor,

We are writing to advise you that Yarra Funds Management Limited (YFML), as Responsible Entity of the Yarra Investment Fund (ARSN 090 047 662, APIR JBW0005AU) (**Fund**), has determined that it is in the best interests of unitholders to terminate and wind up the Fund effective 25 September 2023. In accordance with the Fund's Constitution, the winding up of the Fund will commence after 25 September 2023 and net investment proceeds will be distributed to unitholders once all assets are liquidated.

After careful consideration and following a formal review, YFML has made the decision to terminate and wind up the Fund. This decision reflects the Fund reducing in size over a number of years whereby the ongoing operational cost would need to be offset by increasing fees and costs borne by unitholders. Having considered all available options, the outcome of the review concluded that termination of the Fund was in the best interests of its unitholders.

The termination and wind up process requires YFML to realise the Fund's assets and distribute the net investment proceeds to all unitholders. To facilitate an orderly termination of the Fund, and to ensure all unitholders are treated equally, please be advised that the Fund is now closed for all applications, redemptions (full and partial) and transfers, effective 2:00pm Melbourne time, 25 September 2023. This means you can no longer perform any transactions on your account. We apologise for any inconvenience this may cause.

Please note that YFML ceased charging management fees from close of business on 25 September 2023.

What do I need to do?

Unless you wish to retain your investment with Yarra Capital Management, there is nothing you need to do. Once the assets of the Fund have been realised, we will notify you to confirm the transfer of your net investment proceeds to your nominated bank account, including any applicable distributions.

When will my investment be returned?

Our intention is to transfer your share of the net investment proceeds of the Fund in a single payment within 20 business days of this termination notice. This would be in the form of a full redemption of your units in the Fund.

However, if YFML is not able to realise all the Fund's assets within 20 business days, we will endeavour to return the majority of your net investment proceeds as soon as they become available and a subsequent payment when all assets are fully realised. In this situation, the first payment (which will be the majority of your net investment proceeds) will be in the form of a distribution and the second payment will be in the form of a full redemption of all your units in the Fund.
